C O N T E N T S

“And the spirit of Westbrook, will never, never die.”

So goes the last line of the Alma Mater, rarely sung but usually shouted with enthusiasm at the conclusion of each rendition. For those of you about to graduate and become alumni, this phrase faces a litmus test.

What special qualities have you developed or fine tuned as a result of your years here? What are the reasons for your friendships with fellow students or faculty members? What special loyalties, sensitivities, and understandings have you formed since beginning your Westbrook years? What more can you honestly say that you know about yourself; your strengths, your weaknesses?

If, in the months and years ahead, you can build on these qualities so important to your personal and professional development, then the spirit of your Westbrook years will live on in the most meaningful way possible.

Dr. Thomas B. Courtice

The dedication process is always a difficult one. There are many factors to be considered. In choosing this person, her contributions to the school and the students, her commitment to student development, her concern, approachability and caring attitude were among these factors. As a mentor of the Presidential and Muskie Scholars, coordinator and director of the Electronic Office Management program, she contributes countless hours to the Westbrook College community. We are pleased to dedicate the 1985 Tower yearbook to Brenda Breton.

THANK YOU, FRIEND

*I never came to you, my friend,
And went away without
Some new enrichment of the heart:
More faith, and less of doubt,
More courage for the days ahead,
And often in great need
Coming to you, I went away
Comforted, indeed.*

*How can I find the shining words,
the glowing phrase that tells
All that your love has meant to me,
All that your friendship spells?
There is no word, no phrase for you
On whom I so depend.
All I can say to you is this:
God bless you, precious friend.*

The Student Government Association consists of thirty-five elected leaders from seven groups. SGA meets once a week; and, with the guidance of Dean Mallat, it discusses issues that are pertinent to the Westbrook community.

This year SGA has sponsored a voter registration drive, a Candidates Night, and a guest speaker for the Equal Rights Amendment; it also reinstated the tutorial program and recognized the International Student Organization and the Theater Guild as new organizations at Westbrook.

With the support and cooperation of the student body, the Student Government Association works to make Westbrook College a place for present students to enjoy and future students to benefit from.

The students from Woodfords West Education Center came to Westbrook College in the fall and spring to do the landscaping. They are a cheerful, spirited group of people, who are dedicated to their work. This is an educational program which is supervised by Bob Hodgdon. It prepares these young individuals for jobs in the community, while giving them self-regard and teaching them teamwork. We are proud to have them working on our campus.

COMMUTER

STUDENTS

The International Student program started last year with a turnout of four students. Since then the number has increased tremendously.

Under the direction of Donald Bouchard, the English as a foreign language program has gotten underway nicely. Beginning with this Spring semester two classes are being offered and enrollment is very promising.

At the other end of the spectrum, two of Westbrook's own students; Seniors, Patricia Rainville and Stacyanne Shields have gone to Italy for their Spring semester.

We do hope Westbrook continues to grow with new people and new ideas from all over the globe.

THE YEARBOOK STAFF

WESTBROOK ALMA MATER

Westbrook, school of schools,
we stand for you today
For your ideals, your purpose,
your crimson and gray
And for your old traditions
and for what you are to be
We are standing, dear Westbrook,
in faith and loyalty.

Though the Westbrook students
change from year to year,
And new voices are raised in
the halls we hold so dear,
The Westbrook Tower stands just
as it did in days gone by;
and the spirit of Westbrook
will never, never die.

STAFF '85

Brimming with exciting ideas and thoughts and lots of enthusiasm, the yearbook staff began its year. We all thought it would be easy, take a few pictures, draw a few lines, send the layouts to the publisher and a few months later, a book comes back. Mid way through, we realized it wasn't all fun, it took a lot of hard work and time. But, to the best of our ability, we succeeded in producing a completed yearbook.

We could never have accomplished this without the help of Donna Alborano for all her typing, Kristy McCubrey for all her selling efforts, Bruce Kidman for his many photographs, Leslie Hamburger for putting together the International Students page, Gail Osgood and Tom Jones for their hard work in photographing seniors and faculty, and those on the Tower staff who contributed to our efforts. A special thanks goes to Mrs. Beverly White, our advisor for her encouragement, enthusiasm, advice and for keeping our spirits up through the difficult times.

To the class of 1985, best wishes to every one of you in the years to come and good luck!

LEARNING

**After a while you learn the subtle difference
Between holding a hand and chaining a soul, and
You learn that love doesn't mean learning, and
Company doesn't mean security.
And you begin to learn that kisses aren't contracts
and presents aren't promises, and you begin to
Accept your defeats with your head up and your eyes
open, with the grace of an adult, not the grief of
A child.
And you learn that you really can endure . . .
That you really are strong
And you really do have worth.
And you learn and learn,
With every hello and good-bye, you learn.**
